# 樂透抽獎機

The image shows a lottery game interface. On the left, a panel titled "Ball\_List" contains five orange buttons with the numbers 1, 4, 5, 6, and 9. Below this panel is a text input field containing "+ length 5 =". In the center, a cartoon man stands on a purple stage under spotlights. Above him is a ball machine with a speech bubble that says "本期號碼開獎完畢 :)". At the bottom, five yellow circles with numbers 10, 2, 7, 8, and 3 are arranged horizontally, with a string of colorful lights above them.
